

Traditional Experience / Modern Style

A trusted name in the building industry — combining decades of traditional experience with modern style, with the same mindset on every project. "Retro isn't just our name. It points to an era that valued things built properly — a standard we hold ourselves to and our foundation, but we also don't live in the past — we bring a modern edge to what we do!" — Irne, Director.

Social Media

Our Process

Pre Construction Phase

- 1 Site Consultation (Practicalities → Measurements → Idea Sharing)
- 2 Preliminary Phase (2nd Consultation → Financial Assistance → Concept Drawings → Cost Estimate → Material Selection Viewings)

Construction Phase

- 3 Fixed Price Contract (Administrative Documents → Insurance → Health & Safety)
- 4 Construction Begins & Progresses (Council Inspections → Client Walkthrough → Practical Completion)

Post Construction Phase

- 5 Handover & Aftercare (Handover Pack → Thank You Gift → Guarantee).

Our History, Vision, Values & Why Us

With 30+ years of experience across multiple countries and winning several awards, it is clear we have a drive for outstanding quality and building solutions, as a slogan of ours read! We are committed to clear communication, practical solutions, and building relationships with our clients through every stage of the process. **Craftsmanship · Integrity · Experience · Modern Thinking · Reliability is our core values.** We are out-of-the-box thinkers, planners and designers. We often see building issues, opportunities and creative solutions that others may overlook. We pride ourselves on keeping the human factor at the heart of our relationships — treating people with courtesy, friendliness, understanding and fairness, while always striving for positive outcomes. We believe every project and every client matters, regardless of size. Every project contributes to the growth and success of our business, and we value each opportunity to deliver quality workmanship, practical solutions and a great client experience.

Reviews:

- Used Retro for a residential renovation. We were happy with approach they took. They were keen to do the job right and get the best possible result. Friendly and helpful. Hamish.
- What a great company to deal with! Irne and his team are amazing in their workmanship, and attention to detail. Linda.
