10 Years of Project Management Experience

Commercial, Residential and Specialized Fields

We're not boasting, but we want to make it clear that, by now, we excel at what we do and what we believe it could mean for our clients... Here is a glimpse of our MINIMUM experience over the years we have accumulated in our field, that we were able to easily outline on paper! While many of these overlaps and even double-up, when counting the years before some of the Qualifications was obtained, detailing them all would just be overwhelming. Can I mentioned that all these years of experience, have been FULL-TIME. Every experience mentioned, is backed by a QUALIFICATION of one year or longer, whether it's a Diploma, Higher Diploma, or a Degree. Only one Certificate Course of six months is mentioned here. This summary only covers MANAGERIALS experience, excluding site staff, short courses, industry-related points, for instance from our LBP License, Environmental or H&S Courses, or any other Certificate Courses. It also EXCLUDES qualifications of our partners, like our Engineer, Architectural Designer, Accountant, and other professional entities integral to our business.

31 YEARS BUILDING EXPERIENCE

Commercial, Residential & Specialized Fields

Our experience spans over multiple countries, not just two! What does this mean for you, our client? It means you get a **HIGHLY EXPERIENCED** builder, who is qualified to provide **DETAILED** and transparent quotes, to avoid surprises. You are partnering with a company that **UNDERSTANDS** every aspect of operating a business, also making our service and guarantees **TRUSTWORTHY**. You benefit from a team of highly qualified professionals, managing everything from finances to sales, admin to quality material sourcing, ensuring you receive the **BEST PRICE** and **SERVICE**. Our contracts are thorough and **FAIR**. Our management **OVERSEES** your project meticulously, combining technical skill, practical experience, perfected craftsmanship, and exceptional project planning. We implement comprehensive **HEALTH AND SAFETY** plans and appoint **WELL-MANAGED** site workers, with their own qualifications and experience they bring to site. There's so much more and it took blood, sweat, and tears to get here, so now we are eager to share our knowledge and craftsmanship with you.

Why wouldn't anyone want to work with a company that is **TRANSPARENT** about who they are and what they stand for? Our motto has always been to be informative, fair, open, and clear about our work, ethics, and identity. We proudly share our **COMMUNITY** involvement, projects, experience, references, and qualifications on our platforms/with people, hoping our **PASSION** for this industry shines through. We look forward to serving Auckland for many more years!
